## **Quality Policy**

LD Seating S.r.o. are committed to manufacturing market leading products to the highest standard consistently in the commercial seating market place.

Our policy is to ensure that our products are manufactured and delivered to meet the current legislative and statutory requirements essential for product performance.

We operate all of our processes to comply with the requirements continued within this standard ISO 9001:2015.

Our systems and processes are designed to enable our team members to produce products that are on time and correct first time. Minimizing waste is a key objective of this policy.

The leadership team is empowered to ensure that our systems are communicated, understood and implemented at every stage of our operation. We will do this through training, collaboration and mentoring of all staff.

Staff are trained, encouraged and motivated to adhere to our quality management system.

Our quality systems and processes are reviewed at regular intervals to ensure consistent results. Our production director has overall responsibility and accountability for our quality policy and performance. Quarterly reviews are monitored by our board of directors to ensure LD Seating S.r.o. continues to manufacture a quality product that exceeds our clients expectations and maintains our position as one of the top seating manufactures in Europe.
